After long study session

1. Alex want to find a quite place with benches, shade to relax

2. He checks a traditional map, but it doesn't provide enough information about the places

3. Alex uses City Guy to find a nearby garden that matches his needs

4. Alex arrives at the garden and finds a nice place to relax. The environment is quiet and there are benches

5. Suddenly, he notice that one bench is broken and could be dangerous

6. Alex reports the broken bench through City Guy, including its location and a description

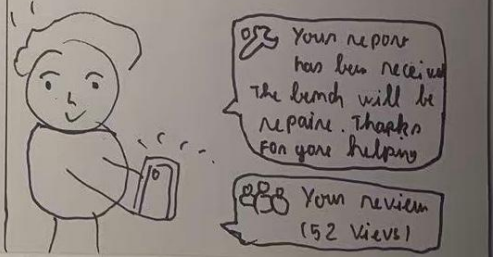

7. After spending some time in this place, Alex finds it quieter and enjoy it

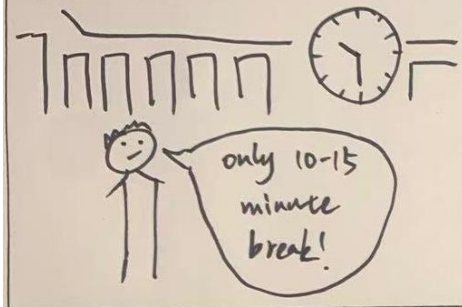

8. Alex share his experience to help other users

9. Later, Alex receives an update about his report and can see his contribution

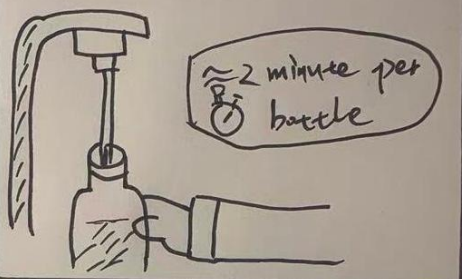

① Alex has only a 10-15 minute break between classes

② He goes to the water fountain, but there is a long queue

③ The water flow is so slow. It takes about 2 minutes to refill one bottle

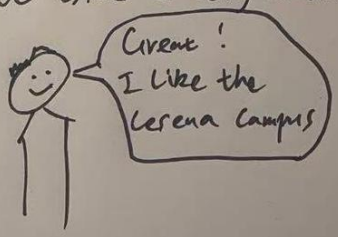

④ Alex reports the problem on City Cuny

⑤ After several days, he receives a message from the University staff on City Cuny

⑥ Alex is happy to see that the issue is being handled

Let's go to some small concert tonight!
Sure, let me check the CityGuy app.
In our area, there is one at the square and one at the park.

The bands are not famous... Will any other people go too?
87 CityGuy users will go to Concert 1 and 63 to Concert 2
It's important to me that there's a public bathroom
I've added that as a filter. Users said there is one at the park!

Wow, this is great! Just as we expected
Tie your bike and let's go to the concert!
Yes, but first let me upload a photo of the bike parking spots to CityGuy, since there weren't any and I'd like to contribute
